I have been utilizing Schaumaplast for our door lock packaging for over seven years. Other companies have approached us from time to time, however, due to exemplary customer service and the end result, we remain with Schaumaplast as our packaging provider.

John Oberdank,
Chief Buyer

Weiser Lock Corp.

Low costs, quality service and high product standards are just few of the reasons I have remained with Schaumaplast. I like vendors to be transparent because I have no time to baby-sit them. I know that whatever my needs are, Schaumaplast takes care of them without ever having to concern myself. They get the job done and do it above and beyond the call of duty.
